

Uralla Shire Business Chamber Inc Guidelines for Board Directors

Notes

These guidelines are just that, guidelines, and each Director can do as little or as much as they can cope with to fit in with busy life's and work.

Things can fall over if we try to do too much, little by little.

The Director is only the Coordinator and will need help from members, if members see anything on the strategic plan they would like to do they can contact the Director.

Subcommittees like the Business Directory, Awards Night and Welcome kit groups can be formed under Directorships.

All new projects need to be accepted by the members and expenditure also need to be approved by the members at a meeting.

Each Director will be given an opportunity, at our monthly meeting (1st Thursday of each month), to give a quick verbal update, or email a written report to the secretary to be send with agenda or a report can be tabled. Director can call on chairs of sub committees if required.

Everyone can only do their best, but if we commit to something it should be followed up and completed.

Remember don't be afraid to ask for help if it is needed, members should also keep in mind that their help is sometimes not required, you just need to offer and if it's not required this is no reflection on you, we just need to support the person organizing the project or event, let them do it their way and let them know that you are here if you are needed.
